

town water supply

- the benefits of DELTA technology

100% Australian PRODUCT

DELTA water treatment technology prevents:

- > Corrosion in internal plumbing and fittings
- > Blockages caused by mineral scale build-up
- > Extensive mineral staining on baths, tiles and washing
- > Inefficiencies in household goods such as evaporative air-conditioners, coffee machines, dishwashers, washing machines and hot water systems
- > The need for harsh chemicals to clean water-based utensils and shower screens
- > Time and expense on plumbing maintenance

DELTA water treatment technology results in:

- > More efficient water use in household appliances such as dishwashers, coffee machines bathrooms and toilets
- > Improved lathering and cleaning performance of soaps and detergents
- > Greater versatility in water use – washing, drinking, air-conditioning
- > Health benefits associated with consuming high-quality water
- > Improved growth of garden plants

Are you feeling the effects of harsh town water in your home and garden?

We have the solution!

Our water treatment technology improves the performance and efficiency of water-based appliances and makes your garden grow.

A DIAMOND solution

You may have tried harsh chemicals, elbow grease, a full-time maid, using more powder, expensive powder boosters, spit and polish and expensive plant boosters

BUT ALL YOU NEED IS A DIAMOND.

Not just any diamond.

Attach a DELTA Diamond water treatment product to your town water system and watch your water problems disappear

Not just any diamond, a

Is harsh town water causing problems in your home & garden?

- White streaks on your shower screen
- Poor performance of your washing powder
- Scale build-up on your electrical appliances
- Streaks on your glasses and cutlery when they come out of the dishwasher
- Stunted plant and lawn growth

The professionals at DELTAwater solutions have developed the **DELTA DIAMOND technology** to treat water problems harsh town water causes around your home and your garden. Easy to install, no power or maintenance required

"We are very happy with the performance our DELTA DIAMOND... starting from a very soft-feeling water that lathers up a lot easier, to dishes that come out of the dishwasher so much cleaner with no smears or residue left on them. The water is a lot more palatable and we enjoy drinking it a lot more. Thank you for this product! I think every household would benefit from a DELTA DIAMOND."

Ian Perkins, Dubbo, NSW

"I have cleaned the hot water urn of any scale before I installed my DELTA DIAMOND, and have had no further build-up since. It's the same with the kettle. Also, my husband is no longer complaining about itchy skin after his shower. I also notice that the taps have more pressure. Now I know it is possible to have better water thanks to a DELTA DIAMOND."

Helen Delphine, Quandialla, NSW
